Λh	t II - Adjustments for Employment Separation Costs  en an employee separates from service, the local educational agency (LEA) may incur costs associated with the se	

to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

### Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

### Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

### Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

Α.	Indirect	costs incurred in the current year (Part III, Line A8)	918,808.08						
В.	Carry-fo	rward adjustment from prior year(s)							
	1. Carr	y-forward adjustment from the second prior year	173,272.40						
	2. Carr	y-forward adjustment amount deferred from prior year(s), if any	0.00						
C.	Carry-for

	(appi	<ol> <li>Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (8.49%) times Part III, Line B19) or (the highest rate used to recover costs from any program (8.49%) times Part III, Line B19); zero if positive</li> </ol>							
D.	Prelimina	rry carry-forward adjustment (Line C1 or C2)	133,405.44						
E.	Optional	allocation of negative carry-forward adjustment over more than one year							
	Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at w the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approximation.
